

April 13, 2016

For Immediate Release:

(Endicott, NY) PYRAMID Business Systems, Inc., the leading local provider of Information Technology Solutions and Services, is pleased to announce the opening of their new corporate offices in Building 257-1 on the Huron Campus in Endicott, New York.

Effective immediately, PYRAMID Business System's experienced engineers and support staff will be providing their same great service and IT solutions from a new state of the art facility specifically designed to offer their clients innovative solutions to address the evolving and challenging technology requirements of today's world.

PYRAMID Business Systems, Inc. is excited to continue to build on their strong tradition of delivering IT support services and solutions to organizations throughout Upstate New York and Northern Pennsylvania since 1989. According to company founder and President Bob Ash, "Our team is humbled to be working on the same campus which gave birth to IBM many years ago. Our loyal clients are the main reason we have grown so much over the past 26 years. We have upgraded our facilities to accommodate this growth and to better serve our customers. This move also underscores our commitment to provide the best work environment for our dedicated staff."

PYRAMID Business Systems is also currently accepting new clients as well as applications for experienced engineers. New and existing clients may contact PYRAMID using the following information.
